

ELECTRONIC SECURITY SYSTEMS DESIGNER

Looking for a career with professional growth in a close-knit, fun atmosphere? Alvine offers the perfect balance of technical and professional growth. We are big enough to deliver cutting-edge experience; small enough to know your name. We think you are going to like Alvine.

JOB RESPONSIBILITIES:

- Designing electronic security systems, including electronic access control, electronic video surveillance, and intrusion detection for buildings
- Determining design scope, schedule, budget, phasing, site issues, and design review issues
- Serving in a potential lead-consultant role on various prime contracts
- Assisting the Principal in the overall electronic security design direction for the group
- Producing construction documents and assisting with construction administration tasks
- Serving as liaison between clients, agencies, subcontractors, and the design team
- Ensuring the preparation of accurate, complete, and value-added work products
- Identifying and implementing ideas that will save our clients time and money
- Using high level of engineering judgment and experience to develop quality engineering solutions
- Delivering timely documents
- Maintaining continuous and open project communications
- Developing and maintaining a client base as a result of delivering highly successful projects

QUALIFICATIONS:

- Bachelor's degree
- Low-voltage design experience
- 5+ years' electronic security systems design experience or ASIS PSP certification
- 5 years' project technology infrastructure design and construction experience
- Strong client management skills
- Ability to work in a team environment and set and manage priorities
- Excellent people skills and strong oral and written communications skills

WE OFFER:

- Professional development opportunities, including training and mentoring programs; organization and professional registration; and tuition and technology reimbursement programs
- Medical, dental, vision, and life insurance benefits, as well as supplemental insurance through AFLAC
- Generous 401(k), profit sharing, and discretionary bonuses
- Progressive wellness benefits, including fitness reimbursement and volunteer time off

With five locations across the Midwest, Alvine offers both a solid foundation and room for you to advance your career. Join a team where you can make a difference and strengthen our foundation of excellent engineering, client satisfaction, and leadership.
