

***Find your own path to success at Alvine.*** You provide curiosity and drive; we provide an engineering-centric environment of diverse peers and projects, along with the freedom to be innovative and grow.

We have an opportunity for a Senior Mechanical Engineer in our Omaha or Lincoln, Nebraska, office.

## **Job Responsibilities:**

- ▶ Providing HVAC, HVAC system controls, plumbing, piping, and fire protection design
- ▶ Assisting in scheduling, budgeting, phasing, site issues, and design review issues
- ▶ Investigating code requirements
- ▶ Identifying and implementing ideas that will save our clients time and money
- ▶ Ensuring the preparation and timely delivery of accurate, complete, and value-added documents
- ▶ Assisting with construction administration tasks by processing drawings, RFIs, and completing site visits during the construction phase
- ▶ Serving as a liaison between clients, agencies, subcontractors, and the design team
- ▶ Mentoring and developing less-experience team mentors

## **Qualifications:**

- ▶ Registered Engineer (P.E.)
- ▶ 15 years' design experience
- ▶ Ability to work in a team environment and set and manage priorities
- ▶ Excellent people skills and strong oral and written communications skills

## **We Offer:**

- ▶ Professional development opportunities, including training and mentoring programs; organization and professional registration; and tuition and technology reimbursement programs
- ▶ Medical, dental, vision, and life insurance benefits, as well as supplemental insurance through AFLAC
- ▶ Generous Traditional 401(k), Roth 401(k), profit sharing, and discretionary bonuses
- ▶ Progressive wellness benefits, including fitness reimbursement and volunteer time off
- ▶ Relocation assistance
