

Looking for a career with professional growth in a close-knit, fun atmosphere? Alvine Engineering offers the perfect balance of technical and professional growth. We're big enough to deliver cutting-edge experience, small enough to know your name. We think you are going to like Alvine Engineering.

We have an opportunity for an Electrical Engineer in our Omaha, Nebraska, office.

Job Responsibilities:

- ▶ Preparing design documentation and schedules.
- ▶ Providing designing of electrical systems, including lighting, power, and communications systems.
- ▶ Performing calculations, sizing, and analysis of electrical systems for buildings.
- ▶ Investigating code requirements.
- ▶ Ensuring the preparation and timely delivery of accurate, complete, and value-added documents.
- ▶ Assisting with construction administration tasks by processing drawings, RFIs, and completing site visits during the construction phase.
- ▶ Serving as a liaison between clients, agencies, subcontractors, and the design team.

Qualifications:

- ▶ Bachelor's Degree.
- ▶ Registered Engineer (P.E.).
- ▶ 5-10 years' design experience.
- ▶ Ability to work in a team environment and set and manage priorities.
- ▶ Excellent people skills and strong oral and written communications skills.

We Offer:

- ▶ Professional development opportunities, including training and mentoring programs; organization and professional registration; and tuition and technology reimbursement programs.
- ▶ Medical, dental, vision, and life insurance benefits, as well as supplemental insurance through AFLAC.
- ▶ Generous 401(k), profit sharing, and discretionary bonuses.
- ▶ Progressive wellness benefits, including fitness reimbursement and volunteer time off.
- ▶ Relocation assistance.
