Looking for a career with professional growth in a close-knit, fun atmosphere? Alvine Engineering offers the perfect balance of technical and professional growth. We’re big enough to deliver cutting-edge experience, small enough to know your name. We think you are going to like Alvine Engineering.

We have an opportunity for an Electrical Engineer in our Omaha, Nebraska, office.

**Job Responsibilities:**

- Preparing design documentation and schedules.
- Providing designing of electrical systems, including lighting, power, and communications systems.
- Performing calculations, sizing, and analysis of electrical systems for buildings.
- Investigating code requirements.
- Ensuring the preparation and timely delivery of accurate, complete, and value-added documents.
- Assisting with construction administration tasks by processing drawings, RFIs, and completing site visits during the construction phase.
- Serving as a liaison between clients, agencies, subcontractors, and the design team.

**Qualifications:**

- Bachelor's Degree.
- Registered Engineer (P.E.).
- 5-10 years’ design experience.
- Ability to work in a team environment and set and manage priorities.
- Excellent people skills and strong oral and written communications skills.

**We Offer:**

- Professional development opportunities, including training and mentoring programs; organization and professional registration; and tuition and technology reimbursement programs.
- Medical, dental, vision, and life insurance benefits, as well as supplemental insurance through AFLAC.
- Generous 401(k), profit sharing, and discretionary bonuses.
- Progressive wellness benefits, including fitness reimbursement and volunteer time off.
- Relocation assistance.
