

Looking for a career with professional growth in a company that puts relationships first? Alvine Engineering is right-sized to offer cutting-edge experiences on a wide variety of project types coast-to-coast and to still know you by name. We think you are going to like it at Alvine Engineering.

We have an opportunity for an Electrical High-Rise Engineer in our Omaha, Nebraska, office.

## **Job Responsibilities:**

- ▶ Providing design of electrical systems, including lighting, power, and communications systems on building of all types, but focused on mixed-use, urban living, and corporate market sectors
- ▶ Performing calculations, sizing, and analysis of electrical systems
- ▶ Investigating code requirements
- ▶ Ensuring the preparation and timely delivery of accurate and complete documents
- ▶ Assisting with construction administration tasks, including RFIs and site visits
- ▶ Serving as a liaison between clients, agencies, subcontractors, and the design team

## **Qualifications:**

- ▶ Licensed Professional Electrical Engineer
- ▶ 5-10 years' design experience
- ▶ Ability to work in a team environment and set and manage priorities
- ▶ Excellent people skills and strong oral and written communications skills
- ▶ Proficiency with Autodesk, energy/load simulation, and Microsoft Office software

## **We Offer:**

- ▶ Professional development opportunities, including training and mentoring programs; organization and professional registration; and tuition and technology reimbursement programs
- ▶ Medical, dental, vision, and life insurance benefits, as well as supplemental insurance through AFLAC
- ▶ Generous 401(k), profit sharing, and discretionary bonuses
- ▶ Progressive wellness benefits, including fitness reimbursement and volunteer time off
- ▶ Relocation assistance
