

## Electrical High-Rise Engineer

---

Looking for a career with professional growth in a close-knit, fun atmosphere? Alvine Engineering offers the perfect balance of technical and professional growth. We're big enough to deliver cutting-edge experience; small enough to know your name. We think you are going to like Alvine Engineering.

### Job Responsibilities:

- ▶ Providing design of electrical systems, including lighting, power, and communications systems on building of all types, but focused on high-rise buildings in mixed-use, urban living, and corporate market sectors
- ▶ Performing calculations, sizing, and analysis of electrical systems
- ▶ Investigating code requirements
- ▶ Ensuring the preparation and timely delivery of accurate and complete documents
- ▶ Assisting with construction administration tasks, including RFIs and site visits
- ▶ Serving as a liaison between clients, agencies, subcontractors, and the design team

### Qualifications:

- ▶ Licensed professional engineer (P.E.)
- ▶ 5-10 years' design experience
- ▶ Ability to work in a team environment and set and manage priorities
- ▶ Excellent people skills and strong oral and written communications skills
- ▶ Proficiency with Autodesk, energy/load simulation, and Microsoft Office software

### We Offer:

- ▶ Professional development opportunities, including training and mentoring programs; organization and professional registration; and tuition and technology reimbursement programs
- ▶ Medical, dental, vision, and life insurance benefits, as well as supplemental insurance through AFLAC
- ▶ Generous 401(k), profit sharing, and discretionary bonuses
- ▶ Progressive wellness benefits, including fitness reimbursement and volunteer time off

With six locations across the Midwest, Alvine Engineering offers both a solid foundation and room for you to advance your career.
