

## **Mechanical Engineering Technician**

---

Looking for a career with professional growth in a close-knit, fun atmosphere? Alvine Engineering offers the perfect balance of technical and professional growth. We're big enough to deliver cutting-edge experience; small enough to know your name. We think you are going to like Alvine Engineering.

### **Job Responsibilities:**

- ▶ Providing technical drafting and design support for mechanical systems for commercial, educational, healthcare, and government facilities
- ▶ Coordinating the collection of data and incorporating this information into the drawings using Revit and AutoCAD software
- ▶ Incorporating input of engineers who specify building system production methods per codes and company standards

### **Qualifications:**

- ▶ Associates degree in architectural engineering technology, drafting and design technology, computer drafting and design, architectural design technology, or equivalent experience
- ▶ Proficient in Revit and AutoCAD desired
- ▶ Ability to understand technical details
- ▶ Proficient people skills and communications skills
- ▶ High level of accuracy
- ▶ Ability to problem solve/analyze
- ▶ Ability to work in a team environment and set and manage priorities

### **We Offer:**

- ▶ Professional development opportunities, including training and mentoring programs; organization and professional registration; and tuition and technology reimbursement programs
- ▶ Medical, dental, vision, and life insurance benefits, as well as supplemental insurance through AFLAC
- ▶ Generous 401(k), profit sharing, and discretionary bonuses
- ▶ Progressive wellness benefits, including fitness reimbursement and volunteer time off

With six locations across the Midwest, Alvine Engineering offers both a solid foundation and room for you to advance your career. Join a team where you can make a difference and strengthen our foundation of excellent engineering, client satisfaction, and leadership.
