

Mechanical Healthcare Engineer

Looking for a career with professional growth in a close-knit, fun atmosphere? Alvine Engineering offers the perfect balance of technical and professional growth. We're big enough to deliver cutting-edge experience; small enough to know your name. We think you are going to like Alvine Engineering.

Job Responsibilities:

- ▶ Providing HVAC, system controls, plumbing, and piping design on mainly healthcare projects
- ▶ Assisting in scheduling, budgeting, phasing, site issues, and design review issues
- ▶ Identifying and implementing solutions that save our clients time and money
- ▶ Ensuring the preparation and timely delivery of accurate and complete documents
- ▶ Assisting with construction administration tasks, including RFIs and site visits
- ▶ Serving as a liaison between clients, agencies, subcontractors, and the design team

Qualifications:

- ▶ Licensed professional engineer (P.E.)
- ▶ 5-10 years' design experience
- ▶ Ability to work in a team environment and set and manage priorities
- ▶ Excellent people skills, including strong oral and written communications skills
- ▶ Proficiency with Autodesk, energy/load simulation, and Microsoft Office software
- ▶ Places emphasis on relationships

We Offer:

- ▶ Professional development opportunities, including training and mentoring programs; organization and professional registration; and tuition and technology reimbursement programs
- ▶ Medical, dental, vision, and life insurance benefits, as well as supplemental insurance through AFLAC
- ▶ Generous 401(k), profit sharing, and discretionary bonuses
- ▶ Progressive wellness benefits, including fitness reimbursement and volunteer time off

With six locations across the Midwest, Alvine Engineering offers both a solid foundation and room for you to advance your career.
